3.3. Alnylam discloses Transfers of Value to HCPs and HCOs that relate to research and development

R&D include all TOVs related to pre-clinical and clinical development, paid to an HCO or an HCP directly or indirectly (for example through a CRO or third-party vendor).

All R&D TOVs are aggregated by country as a single number based on the recipient's country principal practice address in the disclosure report. In case TOV relating to prospective and retrospective non-interventional studies cannot be distinguished, all non-interventional studies are disclosed on an individual basis under fee for service, where consent allows.

4. Consent Management

Alnylam fully supports the principles of transparency and abides by data privacy law. Data privacy law requires Alnylam to obtain explicit permission from individual HCPs or ORDMs prior to disclosing individual Transfers of Value to them. Alnylam makes every effort to obtain, and maintain a record of, the necessary permissions.

Where an HCP has not provided consent to disclose ToV, where Alnylam Pharmaceuticals UK have not received a response on the issue of consent (and it is therefore assumed consent was not given) or where an HCP has withdrawn consent, ToV will be aggregated and disclosed. When declaring aggregated ToV, the total number of HCPs and total aggregated sum will be disclosed. Where an HCP runs a limited company for the purposes of receiving private income, ToV to that organization have been disclosed as a ToV to that HCP wherever possible; Where a payment is made to a larger organization (e.g., a university), Alnylam Pharmaceuticals UK will disclose the ToV against the organization

HCPs remain free to withdraw their consent for disclosure of data at any time by notifying Alnylam Pharmaceuticals UK in writing and an HCPs decision on consent to disclose will not impact Alnylam Pharmaceuticals UK's willingness to work with them.

- In the event that an HCP revokes consent prior to submission of data Alnylam Pharmaceuticals UK will update the data and include the ToV for the corresponding HCP as aggregated.
- In the event that an HCP revokes consent after submission of the data, Alnylam Pharmaceuticals UK will attempt to remove the personal data about ToV of the corresponding HCP as soon as possible.

5. Cross-border Activities

Alnylam Pharmaceuticals UK has included details of cross border ToV from engagements made by Alnylam Pharmaceuticals affiliates outside of the UK-to-UK HCPs

All ToV will be declared in British Pounds Sterling (GBP). Where ToV were made in other currencies, Alnylam Pharmaceuticals UK will convert these into GBP using the appropriate daily exchange rate

6. Disclosure financial data

TOV Currency Approach

Alnylam discloses Transfers of Value to UK HCPs, HCOs and ORDMS in GBP. Where Transfers of Value are made in a currency other than GBP the amount will be converted into GBP using an exchange rate as on the date of payment. Amounts disclosed in GBP may therefore vary slightly from the exact amount paid in the local currency.

VAT

Where possible, Alnylam discloses the full amount of all Transfers of Value exclusive of VAT. In some instances, VAT may not be separable, in these cases, VAT has been included in the disclosure amount.

Where payment of taxes are due, they are the responsibility of the recipient of the ToV and not Alnylam Pharmaceuticals UK

7. Publication

ToV will be declared according to the year in which the payment or transfer takes place that is the date of the wire transfer to the recipient occurs as opposed to the date of the event or supporting agreement (i.e., if work was undertaken in December 2020 and a ToV for this work made in

January 2021, the ToV will be declared as having taken place in 2021 in the disclosures that will be made in 2022)

In the event that Alnylam Pharmaceuticals UK books and therefore incurs costs for travel and accommodation for an event that is subsequently cancelled (e.g., due to illness) with the result that the HCP does not 'use' the travel and accommodation, this will not classify as a ToV and will therefore not be disclosed

For reporting ToV relating to agreements that span multiple years, Alnylam Pharmaceuticals UK will disclose ToV based on date of payment as outlined above
