

Methodological Note

Cuxson Gerrard & Co. Ltd.

Founded in 1878 and based in Oldbury, West Midlands, UK, Cuxson Gerrard & Co. Ltd. Is a leader in the research, development and manufacture of adhesive coated dressings, specialising in medicated dressings and adhesive paddings for podiatry and medical use.

The Company is accredited to ISO9001 and holds Pharmaceutical manufacturing and wholesale dealers' licences.

All products manufactured to the highest standards of Good Manufacturing Practice within a strictly controlled manufacturing environment.

The Company employs the services of various Podiatrists on an ad hoc basis to offer training to fellow Healthcare Professionals throughout each year at conference venues. The Company offers an expenses payment and where possible, a conference delegate cost payment to the Podiatrist allowing them to engage with the conference. Payments to the Podiatrists are made by cheque.
