

Disclosure of Transfers of Value Methodology Note for Diurnal 2018

Diurnal is a small research based company. During 2018 one product was launched in the UK and Germany. Non- research and development activities were limited to two advisory boards and a number of research and educational grants. One of these was to a patient group organisation and is declared separately below. Diurnal had three active product development programmes. Transfers of value relating to these three programmes were recorded and consolidated at year end. All payments during the chronological year 2018 were reviewed. The total spend was reviewed with finance functions. The aggregated total is declared on the accompanying spread sheet.

In calculating the aggregated total the following methodologies have been used.

- Amounts declared do not include VAT due to the differing levels of VAT across the areas where Diurnal has clinical trials programmes ongoing.
- Amounts declared are in UK sterling with the conversion rates at the time being applied
- All payments worldwide are declared as Diurnal group is headquartered in the UK
- Where contracts extend beyond a single year, in year payments only are declared
- Diurnal does not have any over the counter business or medical device business
- In including worldwide payments, Diurnal goes beyond the requirements of the EFPIA and ABPI codes and the US legislation.
- French payments are additionally declared in accordance with Loi Bertrand on the Diurnal website and through HAS
- Individual consent has been sought for individual payments to Healthcare professionals with no refusals
- As Professor Ross undertakes clinical work payments and expenses relating to his work with Diurnal as Diurnal Chief Scientific Officer have been declared
- Diurnal has made no non-monetary transfers of value in 2018
- Diurnal has not worked with any other pharmaceutical companies in 2018
