INTRODUCTIONS

Besins Healthcare UK Limited (BHUK) is committed to transparent interactions with Healthcare Professionals (HCPs) and Healthcare Organizations (HCOs).

HCPs and HCOs offer expert knowledge on patients' behaviour and management of diseases and are the primary point of contact with patients. This plays a valuable role in informing BHUKs efforts to improve patient care – which is essential to improving patient outcomes. BHUK compensate HCPs and HCOs for the valuable insights and time they offer and also provide funding for medical education either directly to HCPs, via HCOs or third party specialist providers.

BHUK is committed to making the transfers of value made to HCPs and HCOs transparent and in doing so all reasonable efforts will go into making sure they are accurate, valid and complete. BHUK complies with all laws, rules and regulations. Laws in the EU protect the rights of citizens in relation to the way their personal data is processed. HCPs are covered by Data Privacy laws and this affects the way in which BHUK can publish the HCP's transfers of value. BHUK will seek permission (consent) from the HCP or have other legal reasons to individually publish their transfers of value.

BHUK is committed to disclosing all TOV to HCPs and HCOs in accordance with its commitment to the ABPI Code of Practice in alignment with the European Federation of Pharmaceutical Industries and Associations (EFPIA) Code on Disclosure on Transfers of Value.
