

Amicus Therapeutics UK Limited 2019 Transparency Disclosure Methodological Notes

As a member of ABPI, an EFPIA affiliated organization, Amicus is committed to ensure that the nature and scope of transfers of value (ToV) with healthcare professionals (HCPs) and healthcare organizations (HCOs) are transparent to the public. Therefore, Amicus has published applicable ToVs provided directly or indirectly to HCPs or HCOs in calendar year 2018.

This Methodological Note provides guidance on how Amicus has recorded and publicly reported this information in accordance with the current edition of ABPI's Transparency Code.

Reporting period / Reportable ToV:

The Amicus 2019 disclosure report includes applicable ToVs provided between 1 January 2019 and 31 December 2019. Cross border transactions have been included as appropriate and in accord with the ABPI and any transaction submitted after 31 December 2019 will be considered for the next annual report.

Consent Approach:

To satisfy the reporting requirements of the ABPI, Amicus complied with the governing data protection laws of the United Kingdom. Amicus will publish the total value of the ToVs for HCPs and HCOs, as appropriate that have provided express consent for such individual disclosure. HCPs or HCOs, as appropriate, not providing consent will have their amounts included in an aggregate amount published per ABPI requirements.

HCP/HCO number of recipients reported at an aggregate level:

Each category of ToVs reported at an aggregate level includes the number of HCPs/HCOs provided with a ToV. Each HCP/HCO that received a ToV is counted as one recipient in each category. The total number of recipients may therefore include individual HCPs/HCOs that received one or more ToVs during the reporting period.

Cross borders interactions:

Amicus affiliates (worldwide) that have provided United Kingdom HCPs/HCOs with a reportable ToV have been included.

Date Methodology:

Amicus followed the date methodology below when determining which ToVs are in scope for the current reporting cycle:

Event Date is defined as the date the expense occurred. ToV related to the following categories will use the Event Date when determining applicability for current year reporting requirements (e.g., did the event occur within the reporting period 1 January 2019 to 31 December 2019).

- Fee for Service and Consultancy: Expenses
- Contribution to Cost of Events: Registration Fees

Withholding Taxes:

Where applicable, for services provided in locations outside of United Kingdom, ToV amounts will be reported as in the contract agreement.

Currency:

All information is reported in GBP.

Exchange Rate:

Where transfers of value were captured in foreign currency, amounts were converted to local currency based on Monthly Average Rates. Month determined by ToV date.

Rounding:

For each HCP/HCO, ToVs for each reporting category are rounded to the nearest GBP amount. The Total amount for each HCP/HCO represents the sum of the reporting category amounts.

Multiyear contacts:

For multiyear contracts, disclosure only includes ToVs applicable during the reporting period (1 January 2019 and 31 December 2019).

Research and Development:

For the purpose of disclosure, research and development (R&D) ToVs are ToVs to HCPs or HCOs related to the planning or conduct of clinical trials and research. The total aggregate disclosure includes transfers if value made by Amicus clinical trial sites.

Biological samples and investigational compounds will be excluded from R&D disclosures. These compounds are subject to provisions under the Clinical Trial Directive (their use is submitted in the clinical trial approval process).

Lending of laboratory equipment that is used exclusively for conducting a study and will be returned to Amicus at the end of the study will not be disclosed in the R&D aggregate amount. This activity does not constitute a permanent benefit to the covered recipient.
