

# CELLTRION HEALTHCARE METHODOLOGY NOTE

## 1. PURPOSE

Celltrion Healthcare United Kingdom Limited legitimately engages Healthcare Professionals (HCPs) and Healthcare Organisations (HCOs) to provide valuable, independent and expert knowledge derived from their clinical and management experience. This expertise makes an important contribution to our efforts to improve the quality of patient care. It is right that Celltrion Healthcare United Kingdom Limited compensates them for their services, and this is one of the legitimate reasons why Celltrion Healthcare United Kingdom Limited transfers value to HCPs and HCOs.

The ABPI (Association of the British Pharmaceutical Industry) code requires member companies to publish a note summarising the method used by the company in preparing its Disclosure Report and identifying transfers of value for each category of spend relating to HCPs and HCOs (“Methodology Note”). This document represents Celltrion Healthcare United Kingdom Limited Methodology Note for the reporting period 1<sup>st</sup> January 2020 to 31<sup>st</sup> December 2020.

## **4. ACCOUNTING CONSIDERATIONS**

### **Currency and Tax**

The Disclosure Report will show transfers of value made in the currency in which payment was made. Where amount is requested is not in GBP, this will be calculated on the day of approval using a currency converter tool at a commercial bank website.

Transfers of value to HCPs covered by the ABPI's code may be made by other Celltrion Healthcare entities (and not by Celltrion Healthcare United Kingdom Limited). Celltrion Healthcare United Kingdom Limited will only publish the transfer of value to an HCP/HCO in the Disclosure Report for the country where the HCP/HCO has their primary practice.
