

Rosemont Pharmaceuticals

ABPI Disclosure 2020- Methodological Notes

General summary

All values are in British Pounds Sterling

All HCPs and HCOs are UK based and therefore there are no implications regarding tax, currency nor cross border payments.

Payments to HCPs: Exclude VAT as they were not VAT registered

Payments to HCO: Exclude VAT

Calculation of FMV

When requesting the services of HCPs and HCOs Rosemont maintain a standard fair market value (FMV) methodology to ensure consistency. FMV compensation is driven by three factors; FMV rates, a robust tiering model and activity fees. We compensate travel based on hourly rate and number of hours HCP must travel to participate in an activity.

Contracts are compiled prior to any activity which clearly defines the arrangements and expected outputs of the engagements.

HCPs

Rosemont selects HCPs to engage with, in accordance with their relevant expertise and capability.

1 HCP was engaged for purposes of answering specific business questions for Rosemont Pharmaceuticals during 2020.

All fees are for work undertaken on our behalf.

HCOs

Rosemont are happy to provide information regarding the activities that we have undertaken with the HCOs during 2020.

British Oncology Pharmacy Association: Annual sponsorship package 2020/21. Exhibited at annual conference.

National Pharmacist Association (NPA): Hosting of material on NPA learning academy
