

9th February 2022

Methodological note for Valneva UK Transfer of Value Disclosure 2021.

Valneva UK is a travel vaccine company. Its sixth year of trading was 2021, within that year it marketed three Prescription Only Medicines, and one Consumer product.

To assist the company, Valneva UK contracted one pharmacist for a virtual scientific advisory board, no reimbursement for travel expenses or accommodation were made in relation to this engagement.

Other transfers of value were made to several separate travel health organisations and pharmacies by Valneva UK in 2021. All transfers of value relate to the “Valneva in Partnership” programmes. These programmes aim to improve the availability and quality of travel health services through the creation of mutually beneficial partnerships with healthcare professionals, pharmacies and travel health clinics by providing marketing and educational support and training. Donation agreements for all organisations [Withworth _Chemists Ltd., Avicenna Holdings, Alamaz Ltd., Day Lewis Plc, Phoenix Healthcare] which received this non-monetary transfer of value are in place.

To support medical education in the UK, Valneva UK supported the establishment of a diploma in travel medicine for health care professionals by the Faculty of Travel Medicine at the Royal College of Physicians and Surgeons of Glasgow with an educational grant (sponsorship amount £39850), which concludes all payments in 2021.

There were no further contracts undertaken in the calendar year 2021, all amounts given exclude VAT unless stated otherwise. All of the contractors were paid in pound sterling in England, none of the contractors exceeded VAT thresholds and all were left accountable for their own income tax.

An assessment was made as to the hourly charge of each contract to ensure that the charge was fair market value. Activities were assessed to ensure that contractor input was absolutely necessary for the success of each project. Activities where contractor input was deemed necessary were notified in advance and the contractor could opt in or out of taking part in that activity or project.

Valneva UK has no multi-year contracts for individual external contractors. There were no over-the-counter transfers of value or medical device transfers of value for 2021. There were no further contracts, donations, grants or sponsorships made to HCPs or HCOs in 2021.

Yours Faithfully,

A handwritten signature in black ink, appearing to be 'JC', written in a cursive style.
