

Methodology document for CSL Seqirus UK

30th March 2023

Introduction

This core methodology note provides guidance on the CSL Seqirus-specific decisions that relate to how we collect, aggregate, and report disclosure data relating to:

- Individual healthcare professionals (HCPs)
- Healthcare organizations (HCOs)
- Other relevant decision makers (ORDMs)

This note outlines the global position from CSL Seqirus in relation to the EFPIA Disclosure Code. Practice in each country affiliate will depend on local laws and requirements of the local industry code.

Contents

Section	Content	Page
1: Data collection and reporting	Company-specific decisions on how we gather, analyze, and report data	
2: Managing consent	How we manage the disclosure consent process for HCPs and HCOs	
3: Managing report submission	How and where we report disclosure	
4: Categories for disclosure	Which types of payment or Transfer of Value (TOV) are included in our disclosure report	
5: Definitions	List of key terms	
6: Sources of further information	Resources from EFPIAYour local CSL Seqirus Contact	

Section 1:	Company-specific decisions on how we gather, analyze, and report data
Data collection and reporting	

Item	CSL Seqirus decision
Tax and VAT	We will publish the total Transfer of Value paid by CSL Seqirus, or its 3 rd Party Contractor, including VAT where applicable
Transfer of Value dates	We will disclose payments and TOV based on the data on the reporting period within which the TOV was made.
	For example, this is:
	The date payment was made to the recipient by check or wire transfer, such as fees paid, grants, donations, and sponsorship
	Or, where a payment is not directly made, such as:
	The date the TOV took place, e.g. for an event an HCP participated in, their travel and accommodation
	We will disclose payments and TOV made by a 3 rd Party Contractor in the reporting period within which the event occurred, provided the 3 rd party has made payment to the HCP.
Transfer of Value when a contract extends over several years	Where a contract with an HCP or HCO runs for a number of years, we would publish the actual payment made during the relevant reporting period.
Transfer of Value	We will only attribute any TOVs that are incurred and can be reasonably associated to the HCP.
if the HCP does not attend or an event is cancelled	In the circumstances when a flight or accommodation is booked but the event is cancelled, or the HCP does not attend, no TOV will be attributed to that HCP.
Cross-border	We collate all cross-border TOV to HCPs and HCOs.
Transfers of Value	We report the transactions in the disclosure report for the country where the recipient has its principal practice in Europe.
Currency	All payments and TOV will be disclosed in the local currency of the CSL Seqirus reporting entity.
	If the original payment is made in another currency, it will be converted using the CSL Seqirus-approved exchange rate applicable at the time the payment or TOV was made.
	e.g. If CSL Seqirus USA makes a payment in USD to an HCP located in the UK, the payment amount will be converted to GBP for UK reporting.

Section 2: Managing Consent • How we manage the disclosure consent process for Healthcare Professionals (HCPs), Other Relevant Decision Makers (ORDM) and Healthcare Organizations (HCOs)

Consent action	CSL Seqirus decision
Consent status	We will only collect data that is:
	 Allowed to be collected according to data privacy law Explicitly provided by an HCP, ORDM, or HCO for disclosure purposes
	Before disclosure, all HCPs will be informed of our data privacy policy and asked to provide consent. This will be transparently worded in a privacy notice and a consent statement.
	We require all HCPs to provide their consent to us for publishing any details of any TOV they receive from us.
	If this consent is denied, we will only publish the total value of the TOV without specifying the name of the recipient.
Managing partial of	Consent requirements vary between countries.
unknown consent	In general, we will only disclose the TOV value under the individual section of the disclosure report if the HCP gives his/her consent for reporting on all TOV.
	In all other cases, we will aggregate the total amount of the TOV where:
	 An HCP only gives partial consent to publication We do not receive written notification of consent for all TOV
Revocation of consent	Consent requirements vary between countries.
	Before the disclosure report is published
	If an HCP revoked his/her consent before the report is published, we will update the data and include the TOV in the aggregated section of the disclosure report.
	After the report is published
	If the HCP revoked his/her consent after the report is published, we will update the information at the first reasonable time.
Number of individuals who have agreed to TOVs being disclosed and number in aggregate	For 2022 data, 17 HCPs have agreed to TOVs being disclosed individually, and 2 are disclosed in aggregate, so 11% of HCPs are in aggregate. No HCPs have disclosed some TOVs individually and some in aggregate, as we will only disclose the TOV under the individual section of the disclosure report if the HCP gives his/her consent for reporting on all TOVs.

Section 3:	How and where we report disclosure
Managing report submission	

Reporting action	CSL Seqirus decision
Disclosure method	CSL Seqirus will publish the disclosure report for any HCP, ORDM, or HCO located in the UK on the ABPI Disclosure portal – hppts://portal.disclosureuk.org.uk
Disclosure period	Each reporting period will cover a full calendar year, unless the local association sets a different period.
Retention period – public	The disclosure report will remain in the public domain for at least three (3) years.
Retention period - record-keeping	We will ensure that all the TOV required to be disclosed must be documented and retained for a minimum of five (5) years after the end of the relevant reporting period, unless a shorter period is required under applicable national data privacy or other laws or regulations.

Section 4:

• Which types of payment of Transfer of Value are included in our disclosure report

Categories for disclosure

Donations, grants, R&D, fees for service and consultancy

Description	Types of Transfer of Value involved
