Contracted Services Fees and Expenses

Galen utilised HCP's/ORDMs as consultants throughout 2023 for the following services:

- Expenses – Speaker honorarium, advisory services and market research
- Generation of educational content

A written contract is agreed between Galen and the HCPs in advance of the commencement of the above services which specified the nature of services to be provided and the basis for payment for those services. A scope for services was clearly identified in advance of requesting

these services. The criteria for selecting particular HCPs is directly related to the identified need/outcome of the meeting.

Compensation for services reflect the true market value of the services provided. The recruitment of HCPs for the above services are not an inducement to prescribe, supply, administer, recommend, buy or sell any medicine. This is stated clearly within each contact signed by the HCP or ORDM.

Within our consultancy agreement with HCPs. It is made clear of Galen's obligation to disclose all payments made to HCPs, ORDMs and that that consent is given, unless explicitly indicated by the HCP otherwise on signing of the contact.
